## Lichtstrahl-Uganda Supporting a Social Project

In the Heart of Uganda: The Münster-based association '**Lichtstrahl Uganda e.V.**' brings hope to Gulu, located in one of the poorest countries in the world. In an impressive manner, the association has been tirelessly working for years to ensure urgently needed **medical care** and **nutrition** through donations. Additionally, it opens doors to **education** and **future** prospects. Since 2011, there has been a **medical station** with training facilities. But that's not all. A **maternity ward**, a **preschool**, a **primary school**, and a **children's and mothers' crisis center** are just some of the projects that have been additionally realized.

We have recently become supporters of this dedicated association. We are delighted to shed light on those who need it most through this hopeful project! Further support is warmly welcomed.
